Node.js, Redux
Postgres, Massive
CSS, Sass
HTML, Javascript
C#, Momentum

EDUCATION

Utah State University,
BS Accounting

DevMountain,
Web Development

PROJECTS

SIMPLE CHESS

React.js
chess.logixexpert.com

- Built entirely from scratch.
- Pieces can be moved around the board.
- Player turns are maintained.
- Pieces can be replaced without the player turn switching.

TRIPPIN' TRAVEL APP

React, Node.js, Material UI, and Sass
trippinonline.com

- Application focused on making travel
- information easier to enter, organize,
- and access.
- Travefy.com is a good website to
- compare with this application.

WORK EXPERIENCE

IMPARTNER SOFTWARE

Customer Support Specialist
July 2018 - Current

Completed custom front-end work for existing customer website. Maintained content and communicated with the customer daily on improving the maintainability of their website.

IMPARTNER SOFTWARE

HTML/CSS Contractor
February 2018 - July 2018

Transferred content to redesigned and rebranded pages that are compatible with Impartner's Content Management System. Communicated with customer on any corner cases not covered by their style guide.
